DEATH OF MRS. DEISTER

Mrs. Chas. Deister Passed Away Saturday, After a Sickness of Only a Few Days.

The death of Mrs. Charles Deister, which occurred at her home in Dodge City last Saturday evening was particularly sad. She was a young woman and her death leaves two small children without a mother's care.

Mrs. Deister was sick but a few days, and her sudden death will cause sorrow among a large circle of friends, in this county, where she was brought up. She was married to Charles Deister five years ago and has made her home in Dodge City most of the time since her marriage. She leaves a husband and two little children, one three years old, and the other but a year old.

Funeral services were held at the Catholic church in Dodge City on Tuesday morning, and the remains were buried in the cemetery in Wheatland township, near her girlhood home.

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased. I cheerfully recommend Foley's Kidney Remedy."

DIED SATURDAY NIGHT

Death of W. H. Chapman Occurred on Saturday Evening, Resulting From Stroke of Paralysis.

There was universal sorrow and regret felt through the city on Saturday evening, over the death of W. H. Chapman, one of the old settlers here, and for many years one of the well known business men of Dodge City. Mr. Chapman was known by everyone in town, as well as by a large portion of the people over the county, and was prominent in the Masonic lodges, the Modern Woodmen lodge, and in business circles.

The stroke of paralysis, which he received a few days before his death, came unexpectedly, and was quite a shock to the community, but it was believed at that time that he would revive, and be out again in time. Saturday morning some of his friends learned that he was sinking, and that there seemed no chance for him to recover, but it was not generally known that there was a change for the worse in his condition, until the news of his death spread over the city.

Funeral services were held, in charge of the Masons on Monday afternoon at the Christian church, Rev. Sorey, of that church conducting the service. The Masons and the Modern Woodmen, attended the services in a body, and friends from the town and county were present, many of them being unable to get inside of the church.

Mr. Chapman had reached the age of 55 years. He has been in the Jewelry business in Dodge City for many years. He leaves a wife and three children, two sons and a daughter. The daughter, Miss Nellie Chapman, is one of the teachers in the city schools. Gail, the younger son, is a student in the school here, and Frank, the other son, has been in the Jewelry business with his father, and will continue the business, with the assistance of Mr. B. A. French, who was formerly a jeweler here.

OFFICES MOVING

Santa Fe Division Offices Here Going Into Their New Quarters Today, and Will Be Nicely Located.

The Santa Fe division offices are having a busy time here today. Besides the regular grind of railroad work, the force has the extra work of moving into new quarters. The new office rooms are in the Russell & Crane building, above the Globe Clothing store. The rooms at the south end of the building on the second floor are occupied by Trainmaster Coffey and his clerks. The next rooms to the north are occupied by Division Superintendent Tice. North of these is a large room, about 75 feet in length, which is occupied by Mr. Tice's clerical force, and by B. F. Mills, superintendent of the Bridge & Building department, and Road Master Haas. The two rooms at the north end are occupied by Mr. Graves, the division engineer.

The Dispatchers and operators are in a room on the ground floor at the south end of the building, and under this room in the basement, is a room used for records and batteries.

The passenger conductors, except those on No. 3 and No. 4, will come to the dispatchers office in this building for their orders. The 3 and 4 conductors will have their orders sent to the depot for them. After June 1, the freight conductors will get their orders at the yard masters office, which will be in the yards east of the depot.

The Junior Endeavors of the Presbyterian church will have two parties at the home of Marjorie Barnett Saturday. The smaller members will be entertained from 3 till 6 o'clock and the older ones from 7:30 till 9:30. The evening affair will be in the form of a box social.

Mrs. Chas. Swords was in Dodge City Monday, packing her household goods. She reports Mr. Swords' condition as slightly improved. She returned to Topeka Tuesday and will remain there indefinitely, to be with her husband.

ALL DAY SESSION

CITY COUNCIL IS HAVING ALL DAY SESSION WITH ENGINEER WORLEY—REPORT ON WATER WORKS.

GLUCK'S APPOINTMENTS MADE

Only One Change Made By New Mayor—Madden is Marshall Again, and Baker Named as Street Commissioner.

The city council is having an all day session today. The meeting was called this morning by the mayor, on account of the arrival of Engineer Worley, who spent the forenoon before the council making his report on the Dodge City water works. The report is one of great length, and covers the value of the present plant, cost of operating and present condition. The report also covers many recommendations for improvements, and gives an estimate of the cost of a plant sufficient for the needs of this place.

The fact is conceded by all of the councilmen that extensive improvements will have to be made to the present plant to make it adequate to furnish service for Dodge City, at present and in future. According to Mr. Worley's report it will take an outlay of about \$38,000 to increase the present plant to the size required for this town. According to his estimate, it would take an outlay of about \$68,000 for the city to put in a plant of its own. On adjourning at noon today the council had taken no action on the report of the engineer, and there is not much, probably, that they could do at once. If the matter of a franchise is taken up with the company, the council will have to confer with the water works company, regarding a conditional franchise, with certain improvements to be made, and there will have to be a good deal gone over to find whether the company would take the view of matter that the council does. There may be some difference even among the members of the council. Mayor Gluck is thought to be in favor of the city owning its own plant, but he has not so stated yet, at least not publicly.

The point which seems to be generally agreed upon, is that water works extensions are necessary, and it is understood that this fact is admitted by the company which owns the present plant.

The meeting held last week, a meeting adjourned over from Wednesday night, was the first meeting with the new mayor and councilmen, and it is not known yet just how the mayor and some of the councilmen will stand on the different matters that are up.

Mayor Gluck at the adjourned meeting made a number of recommendations, which appeared to meet the approval of the members of the council, and the city attorney was instructed to draw up ordinances covering a number of them, for presentation at the next regular meeting.

The appointments made by Mayor Gluck were: City marshal, John Madden; City clerk, S. Gallagher; City attorney, M. W. Sutton; Street commissioner, A. E. Baker; City weighmaster, J. W. Wright. The mayor indicated that he would appoint Henry Kinkadee as City Treasurer, but postponed action in the matter, until a new salary ordinance could be drawn and agreed upon.

The council confirmed all of the appointments made excepting the city clerk, and that matter is still left for the mayor and council to get together on. Another name will probably be presented to the council

Age fit is just as important as size fit

A young girl looks out of place in a matronly gown. But it has only been of late that a variation has come in young men's clothes.

We offer two classes of clothes—those for elder men are less radical and the cloths are more subdued than the suits which their sons wear all.

Sincerity Clothes

are made in age fit as well as style fit. Not only do the patterns and models vary, but the proportions, too. The makers take into account the growing physiques of young men.

The SINCERITY label was a good enough guarantee of quality for us. It should be for you.

DEPARTMENT COMMANDER

Elected Yesterday, and He Will Be Present at the Big Reunion To Be Held At Dodge City.

M. W. Sutton and J. A. Arment from Dodge City and Frank Chapman and J. A. Smith, from Ft. Dodge, were delegates to the G. A. R. Encampment held in Ottawa. Yesterday J. N. Ricker of Chanute was elected Department Commander, and one of the first promises that he made was that he would attend the reunion at Dodge City. The delegates from here say that there is a lot of interest being taken this year over the state in the reunion at Dodge City, and they predict a large attendance.

HAVE POSTPONED ACTION.

Farmers' and Stockgrowers' Railroad People Will Not Be Here Until a Little Later.

The crowd that was looked for here last week, in the interest of the Southwest railroad, will not come until a little later at least. The Denver crowd, which has been in the field on the same mission, has helped to complicate matters. Two different propositions on building one road is a little too much for the people to consider, and the plans of the two different companies bring up the question among the people of which would be the better, so that the promoters themselves are taking a little time to study the matter over, and giving the people time for the same thing. A little later there will probably be something more definite to announce.

Resolutions.

Whereas, The dread mandate being issued by the Invisible Grand Commander, which has summoned our beloved Frater and Past Commander, Walter H. Chapman, from his labors here below to everlasting refreshment in that Eternal Grand Encampment, where all soldiers of the cross forever dwell in peace and happiness.

Therefore, Be It Resolved, That while we deeply deplore the sudden summons which has cut short a happy and useful life, we feel that our loss is his gain, and that while his pleasant face and kindly greeting will be met with no more in our life's pathway, yet his memory will be long cherished by every Sir Knight of Dodge City Commandry No. 35 Knights Templar, and by all his fraternal and business associates during his long residence in our midst;

And, Be It Further Resolved, That our Alter, our Chapter, and our Sword hilts be draped in mourning for a period of sixty days; and that a copy of these resolutions be placed on our records in token of our great respect and high regard for him who in this life we will meet no more.

Be It Further Resolved, That to the

widow and children of our deceased Sir Knight, we extend our heartfelt sympathy, together with the assurance of our knightly interest in their future welfare.
